

Where to Find Crop Disease Classification Data

The data was originally sourced from the following GitHub page:

<https://github.com/pratikkayal/PlantDoc-Dataset>. However, many of the file paths were invalid and images needed to be cleaned.

The cleaned dataset that you will use for this project can be found at the Google Drive folder:

https://drive.google.com/drive/folders/1rAelOtNqSMPRtSg7QINLFMevnM7MhTg7?usp=drive_link
